History

In April 2024, the hull was blacked and fitted with two new anodes. A full hull survey was also completed the same year. The vessel features a spacious cruiser stern, perfect for outdoor socialising, as well as a forward well deck offering a second area for sitting out and enjoying the waterways.

Inside, the boat has seen a number of important upgrades in 2024, including a new calorifier, an enhanced battery setup, and the addition of upgrades solar system to support off-grid living. Power is supplied by a reliable Lister SR3 engine, which was last serviced in August 2025.
