BSC Expiry	11/03/2029	HIN	GB-NSM00101I505
Lying At	Newbury	Material	All Steel
Hull Thickness	10 – 6 – 4mm	Last Blacking	March 2026

HISTORY

The Lily Rose is a 58ft semi-traditional narrowboat, built by Liverpool Boats and fitted out by NSM Narrowboats. Owned since 2024, she has been well maintained by her current owners, with the hull blacked in 2024 and again in March 2026. A pram cover and front cover have also been fitted.

In March 2026, she benefited from a professionally installed solar and lithium battery system, featuring three 450W solar panels, eight lithium batteries with a total capacity of 7.5kWh. New gearbox PRM 125 D2. Fitted July 2026 along with a new drive plate, a new 4inch prop shaft coupling and a new throttle cable.

Powered by a 35hp Isuzu engine, the heating is provided by Eberspächer central heating and a solid-fuel stove, while hot water can be supplied via the engine, a 240V immersion heater or the Eberspächer system.

The Lily Rose offers a practical setup for comfortable life aboard.
